PROFILE SUMMARY

Passionate Computer Science student specializing in Web Development. Strong foundation in algorithms, data structures, and software engineering. Adept at leading projects, utilizing technology to drive innovation.

EDUCATION

Computer Science & Engineering / Chitkara University   (Sep '21 – Jun '25)

- Web Dev, Algorithms, Data Structures
- Software Engineering, Database Systems
- Networking, Operating Systems

XII(CBSE) / Jaintpur Public School   2020

PERSONAL PROJECTS

- **Portfolio Website** (HTML5, CSS3, JavaScript)   Jan / 2023
  🔗 https://shivamk25.netlify.app/

- **Cutting-edge E-Commerce Gaming Site** (Responsive Design, UX/UI)   Dec / 2022
  🔗https://gamify-gaming.netlify.app/

- **Real-time Weather App with API Integration** (Node.js, JavaScript)   Aug / 2023
  🔗https://global-weather-app-1.netlify.app/

- **Advanced Object Detection Application**   May / 2023
  (Python, Machine Learning, Computer Vision)
  🔗https://github.com/shivamk23/Object-Detaction.git

- **AI-Powered Personal Assistant – Jarvis** (Artificial Intelligence, Python)   July / 2023
  🔗https://github.com/shivamk23/Jarvis.git

WORK EXPERIENCE

1. Web Developer At Google Developer Student Clubs

2. FREELANCE WEB DEVELOPER   Since April '22

- HTML, CSS, JavaScript
- Delivered user-centric websites
- Security-focused, Ongoing support
- Development to Deploment

TECHNICAL SKILL

- **Proficient Languages :** C/C++, Java, Python
- **Web Tech:** JavaScript, Node.js, HTML5, CSS3
- **Frameworks:** React
- **Database :** SQL.
- **Version Control:** Git, GitHub
- **AI/ML:** TensorFlow, Scikit-Learn
  (or other relevant libraries/frameworks)

CERTIFICATIONS

- JAVA Placement Course – APNA COLLEGE

EXTRACURRICULAR ACTIVITIES

- **Hackathon Enthusiast**
- **Open-Source Contributor**
- **Public Speaker**
